

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA00023DE

This certificate, issued to International Jet Aviation Services

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: A5CE

Make: LearJet

Model: 23

Description of Type Design Change:

Installation of Whelen anti-collision Light Assemblies in accordance with International Jet Aviation Services' Report No. IJA-002, Rev. N/C., dated April 15, 1992, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 28, 1991

Date issued:

Date of issuance: March 10, 1993

Date amended:

By direction of the Administrator
